FEDERAL PREGISTER

VOLUME 1 1934 STATE NUMBER 24

Washington, Thursday, April 16, 1936

DEPARTMENT OF THE INTERIOR.

National Bituminous Coal Commission.

GENERAL ORDER NO. 18

AN ORDER MODIFYING GENERAL ORDER NO. 16 TO EXTEND THE TIME FOR FILING DATA THEREUNDER

Upon consideration of the request of various members of the Code that the time specified in General Order No. 16 issued March 17, 1936, for the filing of cost and price realization data thereunder be extended by reason of the recent general disruption of ordinary operating conditions in many sections of the coal-producing districts resulting from flood and other extraordinary natural circumstances, and pursuant to authority vested in it by the Bituminous Coal Conservation Act of 1935, the Commission hereby orders as follows:

1. That paragraph 1 of General Order No. 16 be, and it hereby is, modified (1) by striking out the phrase "within fifteen (15) days from the date of this Order", as it therein appears, and inserting in lieu thereof the phrase "on or before April 17, 1936", (2) by striking out the phrase "the 6th day of April 1936", as it therein appears, and inserting in lieu thereof the phrase "April 22, 1936", and (3) by striking out the phrase "the 11th day of April 1936" as it therein appears, and inserting in lieu thereof the phrase "April 27 1936", so that the said paragraph 1 of said General Order No. 16 shall read as follows:

1. Each producer having any mine within any District as defined in the Bituminous Coal Conservation Act of 1935 or by General Order No. 15 issued by the Commission February 8, 1936, shall on or before April 17, 1936, file with the Statistical Bureau of said District Board, acting herein as an agent of the Commission, complete reports showing cost of production of coal at such mine as defined in said Act, and realization prices derived from the sale of said coal, all as more fully set forth and specified in Cost Forms Nos. 1a and 2a heretofore approved by the said Commission, such reports to include all coal produced during the period from October 1, 1935, to December 31, 1935, both dates inclusive. Such reports shall be filed in duplicate and shall be received and held by said Statistical Bureau as confidential information of the producer upon the conditions and for the purposes specified in said Act. Upon receipt of such reports, such Statistical Bureau shall forthwith assemble the data as to cost of production and price realization therein set forth and shall make compilations thereof, and shall, on or before April 22, 1936, submit such compilations to said District Board which shall thereupon, on or before April 27, 1936, file such compilations with the Commission in Washington, D. C.

The Secretary of the Commission shall forthwith transmit a copy of this Order to the District Board for each District which shall thereupon notify each producer having any mine within such District of the substance hereof.

Dated this 9th day of April 1936.

SPECIAL ORDER No. 29-A

AN ORDER APPROVING MINIMUM PRICES FOR DISTRICT NO. 4 FOR PURPOSES OF COORDINATION ONLY

The Commission having on March 2, 1936, issued its Special Order No. 28 directing, among other things, the establishment and submission to it of minimum prices in each District of Minimum Price Area No. 1 by the District Board therefor, and the District Board for District No. 4 having, in compliance therewith, established minimum prices for said District on March 6, 1936, and submitted said prices to the Commission on March 12, 1936, and the Commission having considered said prices and the data upon which they were computed, and having heard and considered certain protests thereagainst, and being fully advised in the premises:

Now, therefore, pursuant to authority vested in it by the Bituminous Coal Conservation Act of 1935, the Commission hereby finds that the said minimum prices, as so established and submitted, and as hereinafter modified; (1) will yield a return per net ton of bituminous coal produced in said District which is as nearly equal as can be, within the requirements of said Act, to \$2.07, such sum being the weighted average of the total costs per net ton of the tonnage of said Minimum Price Area as determined by the Commission in its Special Order No. 27 issued February 20, 1936; (2) reflect, as nearly as possible, the relative market value of the various kinds, qualities, and sizes of coals; (3) are just and equitable as between producers within said District; (4) have due regard to the interests of the consuming public; and (5) will not permit dumping, and orders as follows:

1. The said minimum prices established on March 6, 1936, and submitted to the Commission on March 12, 1936, by said District Board for District No. 4 be, and they are hereby, modified to the effect that said prices become as set out in "Schedule of Minimum Prices for District No. 4" attached hereto and made a part hereof, and that said prices, as so modified, be and they are hereby approved, such modification and approval to be effective as of this date for purposes of coordination only.

2. The Secretary shall forthwith transmit a copy of this Order, including the said "Schedule of Minimum Prices" hereto attached, to the District Board for each District in Minimum Price Area No. 1.

 Said District Board for District No. 4 is hereby ordered to forthwith coordinate with all other districts concerned, based upon said Schedule of Prices as herein modified. All District Boards concerned shall immediately proceed with such coordination.

Dated this 8th day of April 1936.

SPECIAL ORDER No. 29-B

AN ORDER APPROVING MINIMUM PRICES FOR DISTRICT NO. 1 FOR PURPOSES OF COORDINATION ONLY

The Commission having on March 2, 1936, issued its Special Order No. 28 directing, among other things, the establishment and submission to it of minimum prices in each District of Minimum Price Area No. 1 by the District Board therefor, and the District Board for District No. 1 having, in compliance therewith, established minimum prices for said District on March 11, 1936, and submitted said prices to the Commission on March 12, 1936, and the Commission having considered said prices and the data upon which they were computed, and being fully advised in the premises:

Now, therefore, pursuant to authority vested in it by the Bituminous Coal Conservation Act of 1935, the Commission hereby finds that the said minimum prices, as so established and submitted: (1) will yield a return per net ton of bituminous coal produced in said District which is as nearly equal as can be, within the requirements of said Act, to \$2.07, such sum being the weighted average of the total costs per net ton of the tonnage of said Minimum Price Area as determined by the Commission in its Special Order No. 27 issued February 20, 1936; (2) reflect, as nearly as possible, the relative market value of the various kinds, qualities, and sizes of coals; (3) are just and equitable as between producers within said District; (4) have due regard to the interests of the consuming public; and (5) will not permit dumping, and orders as follows:

1. The said minimum prices established on March 11, 1936, and submitted to the Commission on March 12, 1936, by said District Board for District No. 1, as set out in "Schedule of Minimum Prices for District No. 1", attached hereto and made a part hereof, be and they are hereby approved, such approval to be effective as of this date for purposes of coordination only.

- 2. The Secretary shall forthwith transmit a copy of this Order, including the said "Schedule of Minimum Prices" hereto attached, to the District Board for each District in Minimum Price Area No. 1.
- 3. Said District Board for District No. 1 and all other District Boards concerned shall forthwith proceed with the completion of coordination in accordance with this Order and all other Orders of the Commission relating to such coordination.

Dated this 8th day of April, 1936.

SPECIAL ORDER No. 29-C

AN ORDER APPROVING MINIMUM PRICES FOR DISTRICT NO. 2 FOR PURPOSES OF COORDINATION ONLY

The Commission having on March 2, 1936, issued its Special Order No. 28 directing, among other things, the establishment and submission to it of minimum prices in each District of Minimum Price Area No. 1 by the District Board therefor, and the District Board for District No. 2 having, in compliance therewith, established minimum prices for

Schedule of Rail Mine Classifications and Prices, etc. - Continued | said District on March 9, 1936 and submitted said prices to the Commission on March 12, 1936, and the Commission having considered said prices and the data upon which they were computed, and being fully advised in the premises:

> Now, therefore, pursuant to authority vested in it by the Bituminous Coal Conservation Act of 1935, the Commission hereby finds that the said minimum prices, as so established and submitted: (1) will yield a return per net ton of bituminous coal produced in said District which is as nearly equal as can be, within the requirements of said Act, to \$2.07. such sum being the weighted average of the total costs per net ton of the tonnage of said Minimum Price Area as determined by the Commission in its Special Order No. 27 issued February 20, 1936; (2) reflect, as nearly as possible, the relative market value of the various kinds, qualities, and sizes of coals; (3) are just and equitable as between producers within said District; (4) have due regard to the interests of the consuming public; and (5) will not permit dumping, and orders as follows:

- 1. The said minimum prices established on March 9, 1936 and submitted to the Commission on March 12, 1936, by said District Board for District No. 2, as set out in "Schedule of Minimum Prices for District No. 2", attached hereto and made a part hereof, be and they are hereby approved, such approval to be effective as of this date for purposes of coordination only.
- 2. The Secretary shall forthwith transmit a copy of this Order, including the said "Schedule of Minimum Prices" hereto attached, to the District Board for each District in Minimum Price Area No. 1.
- 3. Said District Board for District No. 2 and all other District Boards concerned shall forthwith proceed with the completion of coordination in accordance with this Order and all other Orders of the Commission relating to such coordination.

Dated this 8th day of April 1936.

NATIONAL BITUMINOUS COAL COMMISSION. By C. F. Hosford, Jr., Chairman.

Presented for purposes of coordination. Approved March 9, 1936, Bituminous Coal Producers Board for District No. 2.

Schedule of minimum prices adopted by Bituminous Coal Producers Board for District No. 2 in conformity with Special Order No. 28 of National Bituminous Coal Commission

SPECIAL ORDER NO. 29-H

AN ORDER APPROVING MINIMUM FRICES FOR DISTRICT NO. 11 FOR PURPOSES OF COORDINATION ONLY

The Commission having on March 2, 1936, issued its Special Order No. 28 directing, among other things, the establishment and submission to it of minimum prices in each District of Minimum Price Area No. 1 by the District Board therefor, and the District Board for District No. 11 having, in compliance therewith, established minimum prices for said District on March 9, 1936, and submitted said prices to

W=Washed or mechanically cleaned coal. R=Raw coal.

the Commission on March 13, 1936, and the Commission having considered said prices and the data upon which they were

computed, and being fully advised in the premises:

Now, therefore, pursuant to authority vested in it by the Bituminous Coal Conservation Act of 1935, the Commission hereby finds that the said minimum prices, as so established and submitted; (1) will yield a return per net ton of bituminous coal produced in said District which is as nearly equal as can be, within the requirements of said Act, to \$2.07, such sum being the weighted average of the total costs per net ton of the tonnage of said Minimum Price Area as determined by the Commission in its Special Order No. 27 issued February 20, 1936; (2) reflect, as nearly as possible, the relative market value of the various kinds, qualities, and sizes of coals: (3) are just and equitable as between producers within said District; (4) have due regard to the interests of the consuming public; and (5) will not permit dumping, and orders as follows:

1. The said minimum prices established on March 9, 1936, and submitted to the Commission on March 13, 1936, by said District Board for District No. 11, as set out in "Schedule of Minimum Prices for District No. 11", attached hereto and made a part hereof, be and they are hereby approved, such approval to be effective as of this date for purposes of

coordination only.

2. The Secretary shall forthwith transmit a copy of this Order, including the said "Schedule of Minimum Prices" hereto attached, to the District Board for each District in Minimum Price Area No. 1.

3. Said District Board for District No. 11 and all other District Boards concerned shall forthwith proceed with the completion of coordination in accordance with this Order and all other Orders of the Commission relating to such coordination.

Dated this 8th day of April 1936.

SPECIAL ORDER No. 31

AN ORDER REQUIRING DISTRICT BOARD FOR DISTRICT INCLUDED IN MINIMUM PRICE AREA NO. 2 TO SUBMIT SCHEDULE OF MINIMUM

The District Board for District No. 13, constituting Minimum Price Area No. 2, as defined in the Act, having filed with the Commission the determination of the weighted average of the total costs of the ascertainable tonnage produced in its district for the calendar year 1934, together with the computations upon which said determination was based, pursuant to Special Order No. 6-v of the Commission, entered January 30, 1936, and in accordance with Section 4, Part II (a) of the Act, and the Commission thereupon by its Special Order No. 30 having determined the weighted average of the total costs of the tonnage for said Minimum Price Area No. 2 in the calender year 1934, adjusted as required by the Act, to be the sum of Two Dollars and Fifty-four Cents (\$2.54) per net ton;

Now, therefore, pursuant to authority vested in it by the Bituminous Coal Conservation Act of 1935, the Commission

hereby orders as follows:

1. The District Board for said District No. 13 shall forthwith proceed, in accordance with the provisions of Section 4, Part II (a) of the Act, to establish minimum prices for its district based on said weighted average of the total costs for Minimum Price Area No. 2, and, shall, within fifteen (15) days of the Date of this Order, submit to the Commission a schedule of such minimum prices, together with the data upon which they are computed, including, but without limitation, the factors considered in determining the price relationship.

2. That said District Board shall prepare and submit with its schedule of minimum prices next hereinabove required a statement setting forth estimates of the tonnages reasonably expected to be sold under each of the price brackets in the said schedule of minimum prices. Said estimates of tonnages shal be based upon the experience of the District

during the calendar year 1934.

3. In the event said District Board shall fail to propose minimum prices, as required in this Order, the Commission, in its discretion, may proceed without further notice to establish minimum prices for application to all Code members in such District in marketing coals produced by them.

4. The Secretary of the Commission shall immediately transmit a copy of this Order to the District Board for Disprepare and transmit copies of this Order to all Code members subject to its jurisdiction, and shall file with the Commission proof of such distribution, by affidavit on or before the 23rd day of April 1936.
